

## AirWave1 - the air cushion system 4.0

FLÖTER introduces the next generation of air cushion machines: the AirWave1. Quick, quiet, connected to Bluetooth, modular and cost-efficient. Light at only 5.6 kg, the AirWave1 delivers powerful performance. It supplies up to 4 workstations with reliable air cushions - made in Germany. It is programmable and can be seamlessly integrated into FLÖTER's system technology. Whether small cushions or wide pads, the AirWave1 is a top performer in all categories. The intelligent system features "one-key" technology with a patented outstanding design.

|                                |            |
|--------------------------------|------------|
| Weight (kg)                    | 5.6        |
| Output (m/min)                 | 8 - 10     |
| Quilt production               | yes        |
| Chain production               | yes        |
| Film thickness (µm)            | 12 - 35    |
| Meters/roll (m)                | 320 - 3000 |
| Standard roll formats in stock | 94         |
